

DRY MATERIAL SPREADERS

Adjustable Slide Gate

2.2 Cubic Foot Poly Hopper

Stainless Steel Radial 6-Blade Fan

APPROVED FOR:

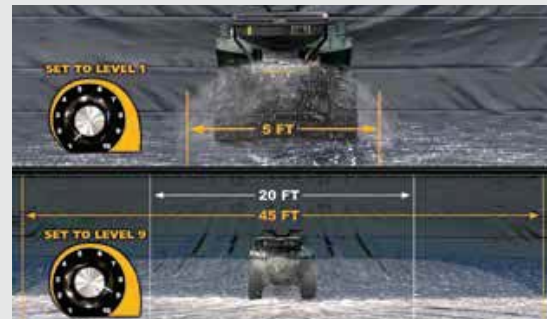

- FERTILIZER
- SEED
- BAIT
- GRANULAR
 - INSECTICIDES
 - FUNGICIDES
 - HERBICIDES
- PELLETS
- ICE MELTING PELLETS

VSC-10
(VARIABLE SPEED CONTROL)

5' TO 45'
SPREAD WIDTH

This ATV spreader is perfect for spreading seed, dry granular materials (fertilizers, insecticides, fungicides, herbicides), and ice melting materials. The spreader's variable speed 12 Volt motor allows you to vary the **spread width from 5 to 45 feet**. Easily cover sidewalks or parking lots with ice melt material or spread fertilizer over odd-shaped sections of lawn. An **adjustable slide gate** controls the amount of material thrown - open or close with the turn of a handle. The spreader features a **2.2 cubic foot poly hopper**, 12 Volt motor with variable speed control, and **stainless steel radial 6-blade fan**. The frame and mounting brackets are constructed from steel. **Holds up to 145 lbs. of potash or 99 lbs. of urea**. Includes spreader, controller, wiring harness, mounting brackets, and hardware.

VSC-10 Can be purchased separately and works on all 12 volt High-Flo pumps

DRY MATERIAL SPREADERS

MOUNTED ON AN ATV

MOUNTED ON A PICKUP

Shown with optional rain cover.

By using the optional receiver hitch mount, the ATV-DMS-12V can easily be attached to a pickup to make de-icing a simple task! And with the dust cover on top, your de-icing material won't get wet or fly out of the hopper.

VSC-10
(VARIABLE SPEED CONTROL)

5' TO 45'
SPREAD WIDTH

This large 5.0 cubic foot pull behind spreader uses a variable-speed 12-volt motor (with on/off switch) that lets you change the **spread width from 5 to 45 ft.** and is ideal for covering turf, parking lots, sidewalks and other odd-shaped areas. Features a tough, corrosion-resistant 5.0-cu.-ft. poly hopper to keep dry materials flowing and stainless steel radial six-blade spreading fan. Adjustable slide gate allows you to control the amount of material you're spreading and can be open or closed with a simple turn of the on/off handle. The frame is constructed from steel and powder coated to prevent rust. Holds up to 220 lbs. potash or 200 lbs. urea. Includes spreader, controller, wiring harness, and adjustable hitch.

This innovative Fimco® spreader uses a variable-speed 12-volt motor (with on/off switch) that lets you change the **spread width from 5 to 45 ft.** and is ideal for covering turf, parking lots, sidewalks and other odd-shaped areas. Features a tough, corrosion-resistant 4.5-cu.-ft. poly hopper to keep dry materials flowing and stainless steel radial six-blade spreading fan. Adjustable slide gate allows you to control the amount of material you're spreading and can be open or closed with a simple turn of the on/off handle. The frame is constructed from steel and powder coated to prevent rust. Holds up to 220 lbs. potash or 200 lbs. urea. Includes spreader, controller, wiring harness, mounting brackets, category 1 hitch and hardware.
