SUV / Pick Up Rake

New
Product!

New
Product!

Now you can make your **SUV** or **Pick Up** even more versatile by equipping it with a **York Rake**. Maintaining that long gravel driveway or camp road just got a whole lot easier.

- Rake mounts to an **SUV** or **Pick Up** using a 2" receiver hitch.
- Raise and lower the rake from the comfort of your cab.
- Control box connects easily to a 12V DC source with a fused quick disconnect link.
- Integral storage stand to make connecting and disconnecting easier.
- Controller and power cable easily disconnects from the rake for safe storage.
- Rake teeth are heat-treated alloy spring steel rake teeth, 1-1/4" wide.
- 1-1/2" spacing between the teeth leaves desirable material behind.
- Spring steel rake heads resist bending and have greater flexibility and durability.
- Angles 30 degrees left or right to easily move material on or off road.
- Optional caster wheels help regulate the rakes working depth.
- Weight: Rake - 400lbs, Caster Wheels - 90lbs.
- Maximum working width: 8'
- Minimum working width: 7' 1"
- Number of rake teeth: 35

LANDSCAPE RAKES

YORK RAKE

Model HT

Handles the big jobs faster and more efficiently!

Hitch a Model HT to the back of a truck, tractor or any other motive power and perform dozens of road maintenance and landscaping tasks.

The Model HT's angling rake section eliminates the need for unproductive deadhead passes usually incurred in some road maintenance operations making it an extremely efficient tool.
