Brillion assumes no liability pertaining to seeding rates achieved with this seeder. Rates listed are general in nature and should be used as starting points only. Seed varieties and blends listed represent those calibrated through in-house test meters. Variations in actual rates may be realized due to differences in seed lots. For accurate rates with seeds being used, follow the calibration instructions listed on the seed chart inside the box cover or refer to the Operator's Manual. The information listed in the above seed charts is subject to change without notice.

Food Plot Seeder

Model FPSB-6 Shown with Optional Coil Tine Drag Harrow and Cargo/Rock Box

Brillion has applied its years of experience as a leader in the agricultural and landscape seeder industry to the Food Plot Seeder. This seeder is designed to operate under a wide variety of conditions and plant numerous grasses, legumes, small grains, and other blends and mixes. The Food Plot Seeder has the features to provide the necessary seedbed preparation, the seed metering and placement, as well as seedbed finishing, all of which provide a state of the art food plot.
