HLA
SALES
TIP

High Heel Bucket Option Available on Skidsteer Buckets.

Specifically for large wheeled or track machines that need the quick attach bracket mounted 1-1/2" higher to allow the bucket to sit flat on the ground.
To order add "F" to the bucket part number of your choice (ie: SBLP72FBO500)
Additional price for this option is \$366.00

SB7840HD

- 1/4" material, 1/4" end plates
- 3/4 X 6 bevelled cutting edge
- Reinforced top lip
- 40" deep, 24" high
- Reinforced round back and end plates for strength, easy filling & clean out
- Flat top acts as level indicator
- Tapered end plates are self-cleaning and reduces material build-up
- Drilled for standard bolt on cutting edge

Add 2" to Inside Width column to calculate Outside Width of bucket

HLA Tapered Bucket Feature

The profile on HLA buckets allows for improved release of materials during dumping. The tapered design helps reduce material packing in the corners improving material clean out.

Prices and Specifications may be subject to change without notice. Prices do not include shipping or setup.

Buckets

SBHV66

Regular duty

- 3/16" material, 1/4" end plates
- 3/4 X 4 bevelled cutting edge

HLA Tapered Bucket Feature

The profile on HLA buckets allows for improved release of materials during dumping. The tapered design helps reduce material packing in the corners improving material clean out.

Prices and Specifications may be subject to change without notice. Prices do not include shipping or setup.

SBSN66

- 3/16" material, 1/4" end plates
- 3/4 X 4 bevelled cutting edge
- Reinforced top lip
- Screened back for better visibility
- 39" deep, 31" high
- Reinforced round back and end plates for strength, easy filling & clean out
- Flat top acts as level indicator
- Tapered end plates are self-cleaning and reduces material build-up
- Drilled for standard bolt on cutting edge

Optional 90" Hose Kit incl. 90° Flat Faced Couplers				HK9090	\$329.00			
Optional Spring Hose Mount Kit				SHMK	\$149.00			
CAT 2 Three Point Hitch Mount incl. Tilting Cylinder					\$1,383.00			

SS72

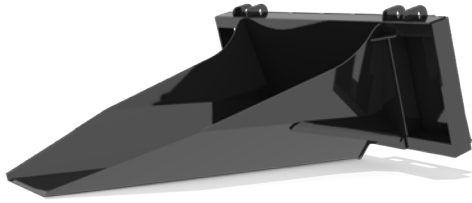

- Minimum 12 GPM required
- Hydraulic drive (coupled direct)
- Beater to prevent bridging
- Discharge from either side of machine
- 44"H x 57"L outside dimensions
- Two hydraulic motors on discharge belt (72", 84" & 96" only)
- Bolted adaptation for loader quick-tach. Easily convert to most loaders

For Outside Width add 2-1/2" to Inside Width dimension.
