For over 25 years, Ammbusher has built safe and reliable Mowers and Brush Cutters. Designed to fit all brands of skid steer loaders. Premier Attachments offers 2 Mowers and 4 Brush Cutters. Every unit is tested, balanced and operated before leaving the factory to ensure it's ready for work.

MOWER FEATURES

- Bi-Directional Cutting
- Available in 60" and 72" cutting widths
- Cuts vegetation up to 4" diameter
- Rubberized drive coupler helps protect motor and gearbox from impact
- Heavy-duty round stump jumper with dual free-swinging blades
- Built-in pressure relief valve for fast blade rotation shut down
- Front chain curtain prevents unsafe discharge
- Non-skid step areas for entrance/exit to the loader
- Safety shield covers rotating parts

BRUSH CUTTER FEATURES

- Ability to cut vegetation up to 7" diameter
- 4 blade, heavy-duty blade cutter
- Optional carbide stump grinding teeth
- Heavy-duty push-bar designed to push brush and trees down
- Replaceable wear shoes
- Spindle interrupters prevent wire, twine, and vegetation from wrapping driveshaft
- Built-in pressure relief valve to protect the hydraulic motor
- Front chain curtain to help prevent unsafe discharge
