

# FRONT MOUNT HYDRAULIC SNOWBLOWERS

## H64A & H76A KEY FEATURES

- Hydraulic motor for chute rotation
- Manual chute deflector adjustment
- Replaceable cutting edge
- Adjustable skid shoes
- Hydraulic motor powered fan drive & auger drive
- V.A.C. hydraulic drive system

### Options

- Electro-hydraulic valve for chute rotation
- Electro-hydraulic valve for chute deflector
- Drift cutters - widens cutting width by 6" (15 cm)
- Universal skid steer mount kit
- Universal mount kit for front loader
- 3-pt rear mount hitch

## H76H & H84H KEY FEATURES

- 3-pt chute with hydraulic deflector adjustment
- Hydraulic motor for chute rotation
- Replaceable and reversible cutting edge
- Replaceable and adjustable skid shoes
- Hydraulic motor-powered fan drive & auger drive
- Universal skid steer mount

### Options

- Drift cutter
