## Pallet Forks

Designed for skid steer or tractor front loaders, our standard pallet forks have rated capacities from 4,000 lbs. to 5,500 lbs. All models feature solid steel alloy forks for long life, with spring loaded latches for easy adjustment spacing.

- Skid steer pallet forks (4,000 lbs.) are offered with a one piece backstop or a step through design for easy cab access and excellent visibility.
- Skid steer models mount with the "Universal" quick-attach mounting system.
- Premium forks include spring loaded latches for easy adjustment spacing.
- Models available with integrated brackets for skid steers, John Deere 400/500/600/700 series loaders, and loaders with euro/global attaching method.
- Pallet Forks for John Deere H480 loader with Global Series II tool carrier.
- Optional interfacing quick-attach brackets available for most other loader models.
- Machined rails allow ease of fork spacing adjustment.

\*Optional interfacing quick attach brackets available for most popular loaders.

Note: Rated lift capacity is based on a pair of forks with no more than ½ - load per fork and load no more than halfway out on each fork.

**WARNING:** Read and understand the operator's manual before operation. Be sure tractor/skid steer is properly counterbalanced. Damage to equipment or personal injury could occur.

**Worksaver**

## Compact Pallet Forks

Don't let their small size fool you. These pallet forks are designed for compact tractors up to 40 horsepower equipped with a front loader. They incorporate many of the same durability features found in our larger units. Excellent for moving bulky, bagged or palletized materials quickly and easily, saving time and effort.

- Pallet forks are rated at 2,000 lbs.
- Class I solid steel alloy forks for long life.
- Models available with integrated brackets for John Deere 200/300 series loaders, as well as loaders utilizing the universal skid steer system.
- Fits other loaders with our FLPF model & bolt-on interfacing quick attach brackets available for most major compact loader models.

## Mini Skid Steer Pallet Forks

Pallet Forks designed for Mini Skid Steers / Compact Tool Carriers. These tools elevate the professional's productivity while offering the large property owner increased flexibility.

- Rated at either 900 lbs. or 2,000 lbs.
- All steel construction.
- Model MPF-2000 utilizes Class I solid steel alloy forks.
- Fits Toro-Dingo, Ramrod, Boxer, Ditch Witch and others with "Universal" mounting system.
- Model available for Bobcat MT-series (MT-50, MT-52, MT-55).

## Clamp-On Bucket Forks

These Clamp-On Bucket Forks are built to meet the demands of today's acreage owner. Sturdy construction provides outstanding performance over years of service. Easy on/off design offers the utmost in convenience when moving palletized materials.

- Designed for handling palletized material only.
- Useable fork length of 35 or 42 inches, depending on model.
- Forks extend 14.5 Inches under bucket, 8 in. inside bucket.
- Completely independent – allows fork adjustment to any pallet width.
- Mounts to most loader buckets without the use of tools – easy on/off design.
- Rated from 1,000 to 4,000 lbs. Lift is limited by fork capacity or loader capacity, whichever is less.
- Each fork has a built-in stake pocket for a 2 x 4 to be installed as an upright backstop (recommended).

### Electric Pallet Fork Clamp

Designed for Sub-Compact Tractors up to 32 Engine HP.

Mounts to pallet fork frames that uses Class-I forks (13" vertical spacing on carriage height)

Clamp is controlled by a linear actuator, direct wired to tractors' battery to provide power.

**Note:** Clamp is designed to hold loose brush, logs, trimmings and other loose material against the pallet fork tines. It is **NOT** built for pushing, pulling or lifting heavy objects.

	<b>EPFC-1</b>	834240	36" long Electric Pallet Fork Clamp for Sub-compact tractors w/loader. Includes wiring harness and push button switch to allow installation with connection to tractor battery. Mounts to rail of pallet fork frame with 13" vertical spacing on carriage height	75	1,795.00
