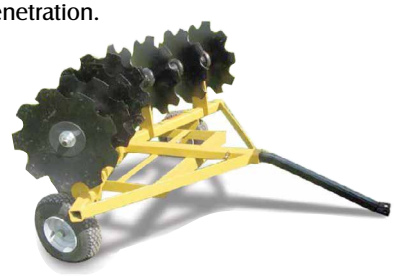
Elevate your ATV's productivity by converting to Worksaver ATV Attachments. Great for wildlife food plots, gardens and large acreage, Worksaver provides quality designed and innovative products that work the way you live!

FOD-16 Flip-Over Disc

- Ideal for tilling wildlife food plots and larger gardens.
- Patented design allows for easy "flip-over" from transport to cultivation mode.
- Eight (8) 16" notched blades are designed for efficient trash cutting and optimum soil penetration.
- Disc gangs are set at 20° angles for maximum cutting.
- Frame design has a platform for adding up to three (3) concrete blocks for deeper cutting depth and better soil penetration.



Specifications:

HP Requirements (minimum)	18 HP or 350 cc
Construction	Welded Steel
Operating Width (in/cm)	60/152
Overall Width of Frame (in/cm)	53/135
Overall Height (in/cm)	35/89
Length with Tongue (in/cm)	70/178
Tire Size	4" X 12" Pneumatic
Axles (in/mm)	.1/25 Square
Bearings	Cast Iron with Grease Zerks
Shipping Weight (lb/kg)	240/109
Product Item Number	940420

Flip-Over Culti-Packer

- Perfect for final compaction after seeding your food plot. Reduces air pockets and increases seed germination. Helps prevent erosion.
- Unique design allows for easy "flip-over" from transport to operation mode.
- This machine can also be used for breaking the crust of rain-hardened soil, to allow emerging seedlings to break through and grow.

Caution — A heavy load can cause your tractor to tip over. When moving heavy loads, keep the load as close to the ground as possible, go slowly around turns, and be sure the front or rear of tractor is properly counterbalanced with weights.

Caution — Operators must read & understand operator's manual, particularly the safety warnings and instructions. **The operator is responsible for safety of themselves and others when operating equipment.**
